

SECURITY. IT'S WHO WE ARE.
IT'S WHAT WE DO.

WE DELIVER THE SECURITAS ES DIFFERENCE TO OUR CUSTOMERS EVERYDAY WITH INDUSTRY LEADING, COMPREHENSIVE SOLUTIONS, SERVICES AND SUPPORT.

Diebold Security, one of the largest and most trusted security providers in the world, has become part of Securitas AB, a \$8B+ leading global provider of guarding and other security services and solutions.

Securitas Electronic Security, Inc., formerly Diebold Security, has built our reputation on our security expertise with a full portfolio of intrusion, fire, video, access and integrated systems. Our robust service offerings include monitoring, maintenance, inspection, managed, hosted, embedded and online services, and more. Although our name has changed, the company, the people and our commitment to providing security excellence and customer satisfaction have not.

Securitas Electronic Security (ES) will serve as Diebold's preferred supplier for electronic security solutions going forward, and Securitas and Diebold are working together to help ensure a seamless transition for Diebold's electronic security customers, as well as drive further security innovation and services well into the future.

In the business world, security threats are very real. That's where we come in. It's about looking at every aspect of your risk business profile and identifying your security threats, reducing business risks, improving operational efficiencies and managing compliance; while giving you a positive return for your security investment.

The Securitas name has always been synonymous with security. It's in our DNA. It's at the core of our business. It's what we do.

THE SECURITAS NAME HAS ALWAYS BEEN SYNONYMOUS WITH SECURITY. IT'S IN OUR DNA. IT'S AT THE CORE OF OUR BUSINESS. IT'S WHAT WE DO.

As a leading alarm monitoring company and systems integrator, Securitas ES, a division of Securitas AB, delivers the Securitas ES Difference, serving countless long-term customers with solutions and services that protect their people, customers and assets.

The Securitas ES Difference includes:

- The unique ability to provide both enterprise level systems integration solutions and comprehensive alarm monitoring services
- A focus solely on business security
- Global business with extensive field technician network
- Specialization in the unique needs of multi-site business customers
- Our reputation for quality and delivery excellence
- Award-winning UL and ULC monitoring centers
- Award-winning systems integration
- Proven security for over 1,000,000 people at 50,000+ businesses worldwide

OUR FOCUS IS ON BUSINESS - YOUR BUSINESS

Providing the highest level of service and support in response to the distinct needs of global, national and regional business customers has long been our specialty. Securitas ES is uniquely structured to offer these customers a single point of contact, dedicated account management, consistent service delivery, uniform contract negotiation, and standardization of technology, solutions and processes. Additionally, Securitas ES has the distinction of being one of the only security providers focused solely on the needs of business customers.

SYSTEMS INTEGRATION PLUS COAST-TO-COAST MONITORING

As both a leading security integrator and award-winning security monitoring provider, we offer a true single-source security partnership. Securitas ES's coast-to-coast monitoring services coupled with our highly skilled systems integration capabilities provide our customers with the ease, operational efficiencies, cost savings and peace of mind that come with trusting all of your security needs to one premier security provider.

SECURESTAT®

SecureStat is a personalized web-based dashboard that provides you the tools and information to manage your entire security platform, including all locations, systems and devices. Make quick, effective and compliant decisions with your security environment in full view.

INDUSTRY-LEADING SERVICE AND MAINTENANCE

Through a powerful combination of people, processes and training, Securitas ES delivers the comprehensive equipment repair and maintenance solutions you need for the continued protection of your company's assets, as well as the highest level of return on your investment. With an extensive experienced service network, Securitas ES has built one of the largest service organizations in the industry. This established team of highly trained personnel enables Securitas ES to deliver the fast response you need. Our dedicated professionals are on the job around the clock, every day of the year, ready to respond to customer needs.
