DIEBOLD ELECTRONIC SECURITY PROMOTES JAISWAL TO VICE PRESIDENT, ELECTRONIC SECURITY, ASIA PACIFIC

NORTH CANTON, Ohio – Diebold, Incorporated (NYSE: DBD) today announced Ashish Jaiswal has been named vice president of electronic security for the company’s Asia Pacific region. He is responsible for the growth of the electronic security business in the ASEAN, Australia, South Asia and Greater China regions as well as the creation of an electronic security center of excellence in India.

Jaiswal brings a wealth of experience to Diebold’s electronic security business, holding a variety of leadership positions throughout his career in IT, security and manufacturing. He joined Diebold in 2008, as the director of the security business in India. Prior to joining Diebold, Jaiswal served as the business leader for Tyco Fire & Security in India. In this position, he was responsible for growing commercial fire and security, as well as the company’s service business driving recurring monthly revenue in India.

Reporting to Neil Emerson, Diebold senior vice president and managing director, Asia Pacific, Jaiswal will also work closely with Tony Byerly, executive vice president, electronic security, as the team collaborates to execute an electronic security growth strategy for the Asia Pacific region.

“Ashish’s diverse experience will enable us to execute on our global electronic security strategy,” said Neil Emerson, Diebold senior vice president and managing director, Asia Pacific. “Ashish will be chartered with the growth of our electronic security business throughout the Asia Pacific region and the creation of a regional electronic security center of excellence in India.”

Tony Byerly, Diebold executive vice president, electronic security, added, “Ashish is a proven leader who will contribute to the success of our global electronic security business. As we continue to expand Diebold’s electronic security business globally, Ashish’s leadership will be critical to our long-term growth objectives.”

Jaiswal holds a master’s degree in marketing management from KJ Somaiya Institute of Management Studies and Research, Mumbai, India and an engineering degree in production engineering and management from the National Institute of Technology, Calicut, India.
